## PROFESSIONAL OBJECTIVE

<https://www.linkedin.com/in/dr-kunal-bahrani-neurologist/>

My primary goal is to administer sound clinical judgments & treatment to patients & fellow health professionals seeking my counsel. As a Neurologist, I aim to be as accurate as possible in diagnosing neurological disorders via thorough conduct of procedures & in collaboration with other health specialists. One of my objectives is to conduct clinical trials to expand the knowledge base concerning the lesser-known neurological & central nervous system disorders. My goal is to develop individualized treatment plans & monitor patients' progress thoroughly to ensure optimal healthcare delivery. With this said, I look forward to contributing to the institution's growth & care for its people in the best way possible.
